"**TLOMA** has been instrumental to my success, both professionally and personally, whether through educational SIGs and Annual Conferences, or the broad depth of experience that each member has to offer. I feel the greatest value **TLOMA** provides is the opportunity to network with fellow members who have a broad range of ideas and perspectives that each member brings to their practice area. The ability to share this knowledge is critical to both professional growth but also in approaching our daily challenges proactively and armed with the knowledge that help is only a phone call or email away."

Joining **TLOMA** proved to be one of the best investments in my career development. The **TLOMA** PD sessions are indispensable resources in doing my job and doing it well. There is always something new and interesting to keep me current on the industry's best practices and each session is a terrific opportunity to consult the experts, discuss ideas and compare notes with peers."
